Notes

Respondents 18 years and older who currently use any cigarettes or smokeless tobacco. This Module question was asked only by eleven states on the national data and therefore not reported here.

The '-' indicates that the sample size was < 50.

The sample size includes all survey respondents except those with missing, "don't know", or "refused" answers.

The BRFSS 2011 and 2012 data are currently only available by request.

The 2011 and 2012 data includes cell phones and a new weighting system and should be considered a new "baseline".
